I would've say the planning of this application has tried the very best to preserve most of the existing environment and impact to the existing residents. The proposed new buildings has different design and height to minimize the impact to the existing residents and preserve all their existing views. In DB currently the existing road and infrastructure I would say are still have much room to expand and cater for more users. With a careful and considerate planning like this application, the increased population would further extend the existing residential areas to a greater better living place. I supported this application fully.

Fully support HKR's development at Area 10B. More greenery area are always welcomed as Discovery Bay is really a green city. Excellent idea to relocate the existing refuse collection point for environmental and hygiene awareness. Kaito berthing facilities definitely need an upgrade, the upgrade must also include the shelter and seating area. HKR should also consider to allocate more spaces for outdoor workouts such as jogging trail, taichi corner, fitness scavenger hunt etc. A decent public toilet will be perfect.

Details of the Comment (use separate sheet if necessary)

在愉景灣居住已經多過二十年, 一直看著發展與改變
希望在建設的同時也不忘綠化, 因為這是愉景灣的特色。
城市規劃少不氣喘來污染, 在綠化方面多做工夫
便能在將來看到美麗的環境。

I am upset that Discovery Bay is found too politic during the past years. Politician enjoying the interests by against the profit organization through the owners/residents in Discovery Bay, who believe their the environment was adversely affected. We need On-going development worked by HKRI as it keeps upgrading our community. Furthermore, I owned HKRI stock shares, would fully support more projects carried by HKRI

本人支持愉景灣第10b區的發展計劃，原因如下：

- 可善用愉景灣10b區珍貴的土地資源，有助減輕香港土地不足的問題。
- 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況，整體環境得到改善。
- 計劃可舒緩香港緊張的房屋供應，並可提供不同類型的房屋選擇，提升市民生活質素。
- 新建的海濱長廊，提升的交通配套及碼頭設施，令居民及旅客享受更佳環境及出入更方便。
- 大家可享用更多的休閒空間。

這項規劃幫助愉景灣保持國際化渡假式優閒社區的獨有色彩，為香港人提供一區有特色的消閒好地方。

這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區，這個設計概念幫助提升香港國際化及多元的形象。

每次乘車經過稔樹灣，都覺得此區很凌亂，與附近寧謐優美的環境格格不入。稔樹灣的發展空間大，有海景，現在的用途實在可惜。如果得到悉心發展，相信可提供不少優質住宅。四期住宅密度不高，我認為進一步發展不會對現時居住環境有太大影響，期待改變後的新發展新面貌。

政府近年提倡大力發展大嶼山及附近水域，相信大嶼山人口會不斷上升，所以我覺得有需要在愉景灣提供更多住宅，而發展此區正正配合政府發展。

我支持這個在愉景灣10B區的發展計劃。這計劃不但把該處一些與附近建築與環境格格不入的現有設施處理好，更會令該沿海地區成為具濃厚歐陸色彩的建設。有助反映香港國際化和多元化的一面。再者，此計劃包含的房屋建設，會提高香港的房屋供應，有助解決住屋問題。因此，這是一個可達致多方共贏的發展項目。

I support the captioned application due to the following reasons:

1. The plan redevelops and upgrades the current mix of unsightly uses in the area. The overall environment of the area will be improved.
2. It optimises the land use at Area 10b in Discovery Bay.
3. The residential use is responsive to the housing market, and can provide more housing choices and enhance the quality of life.

I have the following views:

- a. The improvement to the foreshore promenade, transportation and marine access will serve the residents and visitors to Discovery Bay.
- b. It helps Discovery Bay to maintain its uniqueness as a multi-cultural resort-style leisure and dynamic community, and provide a special hangout place for Hong Kong people.
3. It helps Discovery Bay to reinforce its European style architectural design in the town planning which is really unique in Hong Kong, and help boost the international and diversified image of Hong Kong with this town planning design.
4. Offer more job opportunity.

本人支持這個在愉景灣10B區的發展計劃。這計劃的房屋建設部份，除可舒緩香港現時緊張的房屋供應外，亦可提供不同類型的房屋建設給有意置業人士選擇。此外，計劃中新建的海濱長廊，碼頭及其他設施，亦令該處現時雜亂無章的格局得以改善。而歐陸式的建築設計亦會令愉景灣繼續成為香港獨一無二的社區，此可反映香港國際化及多元化的
一面。

Details of the Comment:

本人支持愉景灣第10b區的發展計劃，原因如下：

- 可善用愉景灣10b區珍貴的土地資源，有助減輕香港土地不足的問題。
- 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況，整體環境得到改善。
- 計劃可舒緩香港緊張的房屋供應，並可提供不同類型的房屋選擇，提升市民生活質素。
- 新建的海濱長廊、提升的交通配套及碼頭設施，令居民及旅客享受更佳環境及出入更方便。
- 大家可享用更多的休閒空間。

這項規劃幫助愉景灣保持國際化渡假式優閒社區的獨有色彩，為香港人提供一個有特色的消閒好地方。

這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區，這個設計概念幫助提升香港國際化及多元的形象。

Development Proposal in respect of
Application Nos. Y1-DB/2 and Y1-DB/3

Introduction

1. I object to the development proposal in respect of the Application Nos. Y1-DB/2 and Y1-DB/3 for three reasons. Firstly, it will overload the limited capacity of the existing traffic link of Discovery Bay. Secondly, the proposed development in Area 10b, being situated on coastal lowland, will block the views of existing residence and become an eyesore in the area. Thirdly, the proposed development will require significant changes to the Approved Discovery Outline Zoning Plan No. S1-DB/4 which should not be allowed without going through the process of public consultation.

Overloading the limited capacity of the existing traffic link

2. The Discovery Bay development was planned to accommodate a total population of about 25,000 in the Approved Discovery Outline Zoning Plan No. S1-DB/4.

3. As of July 2015, Discovery Bay had a population of about 18,000 (as shown in the website of the Hong Kong Resort <http://www.hkri.com/icms2/template?series=407&article=5473&leftside1=406&leftside2=5455&menuon=1&submenuon=1>).

4. The existing external traffic links are already in their full capacity:

(a) The ferries to Central are fully packed during the morning rush hours, i.e. 7:45am, 8:00am, 8:15am and 8:30am ferries.

(b) The ferries from Central are fully packed during the evening rush hours 6:10pm, 6:30pm and 6:50pm ferries.

(c) Buses to and from Sunny Bay and Tung Chung are fully packed during the morning and evening rush hours.

The proposed development will increase the population of Discovery Bay by 4003 or 22.2%. Th

The Applicant should be asked to explain how the 22.2% increase in traffic demand could be accommodated by the existing transportation facilities and infrastructures.

5. Hong Kong Resort is promoting Discovery Bay as a seaside resort destination for attracting outside visitors. This has imposed tremendous pressure on the transportation facilities of Discovery Bay on weekends and holidays. The proposed development will bound to exacerbate the present situation.

6. When a ship crashed into the Tsing Ma Bridge on 23rd October 2015 forcing closure of the only link from Hong Kong to the Chek Lap Kok Airport, many of the airport users chose to take ferries from Central to Discovery Bay and then catch a bus from there to the airport. Should the incident recur, Discovery Bay ferries will have no more capacity to handle the extra demand given the increase in population by the proposed development.

Highrise on coastal lowland

7. The concept of maintaining low-rise on coastal lowland in the Approved Discovery Outline Zoning Plan No. S/I-DB/4 should be preserved.

8. The proposed development in Area 10b, being on coastal lowland, should include no highrise building.

9. All buildings of the proposed development in Area 10b should be not higher than 3-storey to avoid blocking the views of the existing residence.

10. The proposed development in Area 10b should also be not higher than the Discovery Bay Road at the back to avoid blocking the views of pedestrians.

11. The proposed development together with its highrise buildings in Area 10b will cover a large part of the hillside in the backdrop and will be an eyesore on viewing from the seaside. The problem can only be resolved by reducing the proposed development density and building height.

Public consultation

12. In view of the very significant changes that will be made to the Approved Discovery Outline Zoning Plan No. S/I-DB/4, consultation of the local residents and the Islands District Board on the proposed development should be made by the Applicant before seeking further planning approval.

Conclusion

13. For the reasons stated above, the development proposal in respect of the Application Nos. Y/I-DB/2 and Y/I-DB/3 should not be approved by the Town Planning Board.

本人支持愉景灣第10b區的發展計劃

- 可善用愉景灣10b區珍貴的土地資源，有助減輕香港土地不足的問題。
- 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況。整體環境得到改善。
- 計劃可舒緩香港緊張的房屋供應，並可提供不同類型的房屋選擇，提升市民生活質素。
- 新建的海濱長廊、提升的交通配套及碼頭設施，令居民及旅客享受更佳環境及出入更方便。
- 大家可享用更多的休閒空間。
- 這項規劃幫助愉景灣保持國際化渡假式優閒社區的獨有色彩，為香港人提供一個有特色的消閒好地方。
- 這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區，這個設計概念幫助提升香港國際化及多元的形象。

我贊成10B區發展計劃。愉景灣不少地方都已發展，而稔樹灣一帶仍有大片優質用地，可以好好加以發展，提供不同類型的房屋選擇，興建更多社區設施和公園，讓附近居民更多公共空間，提升生活質素，亦可舒緩香港緊張的房屋供應。我希望愈多居民，會吸引多元化的商店進入愉景灣。

我支持這個發展計劃。這計劃可增加香港的房屋供應，有助舒緩現時供應緊張的情況。而有關的房屋建設，亦可為市民提供不同的房屋選擇。而計劃中的其他設施如海濱長廊及碼頭等亦會令該區成為大嶼山以至香港的另一地標，這將會有助推動香港的旅遊發展，創造更多就業機會。

Y/I-DB/3 - For optimising the land uses in the development proposal of Area 10b,
Discovery Bay

From wing ka chan [REDACTED] to tpbpd@pland.gov.hk
To "tpbpd@pland.gov.hk" <tpbpd@pland.gov.hk>.
Please respond to wing ka chan [REDACTED]

Dear Sir/ Madam,

I am writing in support of the application for Area 10b in Discovery Bay, for the following reasons:

- I work in DB. The plan can offer me a green leisure place for rest during the break and offer me a much better work environment.
- The extra landscape and greening in DB help purify the air and reduce carbon emissions, helping to build a sustainable green city.
- The plan redevelops and upgrades the current mix of unsightly uses in the area. The overall environment of the area will be improved.

Yours Faithfully,
Karen Chan

My reasons for supporting the application of 10b are:

本人支持愉景灣第10b區的發展計劃，原因如下：

- The plan redevelops and upgrades the current mix of unsightly uses in the area. The overall environment of the area will be improved.

• 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況。整體居住及生活環境得到改善。

• The plan echoes with the future development at Lantau Island and keep DB competitive.

• 計劃配合大嶼山的發展，令愉景灣保持競爭力。

• Create new focal points in DB to foster interactions among DB residents for a more united community. 創造全新的社區集結點，有利凝聚社區及促進居民交流。

• The property price in DB will be driven up by the new development.

• 新發展會帶動樓價上升。

• The new attractions such as promenade and piazza in DB can provide a new leisure choice for residents.

• 新的海濱長廊及廣場為居民提供新的好去處。

• It helps Discovery Bay to maintain its uniqueness as a multi-cultural resort-style leisure and dynamic community, and provide a special hangout place for residents. 這項規劃幫助愉景灣保持國際化渡假式優閒社區的獨有色彩，為居民提供消閒好地方。

• It helps Discovery Bay to reinforce its European style architectural design in the town planning which is really unique in Hong Kong, and help boost the international and diversified image of Hong Kong with this town planning design.

• 這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區。這個設計概念幫助提升香港國際化及多元的形象。

• The extra landscape and greening in DB help purify the air and reduce carbon emissions, helping to build a sustainable green city.

• 更多的綠化空間有助減低碳排放，提升空氣質素及締造綠色生活。

• Excellent idea to relocate the existing refuse collection point for environmental and hygiene awareness. 從新安排垃圾站以改善環境及衛生情況是個很好的意見。

• Kaito berthing facilities definitely need an upgrade, such as including shelter and seating area. 贊成改善街渡服務，如增設上蓋及座椅。

It optimises the land use at Area 10b in Discovery Bay. The residential use is responsive to the housing market, and can provide more housing choices and enhance the quality of life. The plan echoes with the future development at Lantau Island and keep DB competitive. The improvement to the foreshore promenade, transportation, kaito facilities and marine access will serve the residents and visitors to Discovery Bay. The plan echoes with the future development at Lantau Island and Peng Chau.

The residential use is responsive to the housing market, and can provide more housing choices and enhance the quality of life. The plan echoes with the future development at Lantau Island and Peng Chau. More public leisure space will be created for residents and the public to enjoy. The overall environment of the area will be improved. The plan echoes with the future development at Lantau Island and keep DB competitive. The extra landscape and greening in DB help purify the air and reduce carbon emissions, helping to build a sustainable green city.

1. The improvement to the foreshore promenade, transportation and marine access will serve the residents and visitors to Discovery Bay.
2. More public leisure space will be created for residents and the public to enjoy.
3. It helps Discovery Bay to maintain its uniqueness as a multi-cultural resort-style leisure and dynamic community, and provide a special hangout place for Hong Kong people.
4. It helps Discovery Bay to reinforce its European style architectural design in the town planning which is really unique in Hong Kong, and help boost the international and diversified image of Hong Kong with this town planning design.
5. The new attractions such as promenade and piazza in DB can provide a new leisure choice for Hong Kong people.

本人支持愉景灣第6f區的發展計劃，原因如下：

- 計劃配合大嶼山的發展，透過持續發展及提升設施保持愉景灣的競爭力。
- 計劃可舒緩香港緊張的房屋供應，並可提供不同類型的房屋選擇，提升市民生活質素。
- 新發展會創造更多就業機會，為市民及社會帶來好處及經濟效益。
- 可善用愉景灣6f區珍貴的土地資源，有助減輕香港土地不足的問題。
- 6f這幅土地平整了已經三十多年，每日眼見它丟棄一旁而不作發展，十分可惜。香港地少人多，政府必須善用每一寸的土地資源。

Details of the Comment :

My reasons for supporting the application of 10b are:
本人支持愉景灣第10b區的發展計劃，原因如下：

- It optimises the land use at Area 10b in Discovery Bay.
- 可善用愉景灣10b區珍貴的土地資源，有助減輕香港土地不足的問題。
- The optimisation of the land use is supported by suitable infrastructure, and has given due consideration for the waterfront setting with improvement to the foreshore promenade and marine access. 計劃已考慮基礎設施、視覺、交通及社區方面因素及承擔能力，顯示對社區有好處，設計亦與周邊環境及景觀更為融合。
- The new attractions such as promenade and piazza in DB can provide a new leisure choice for Hong Kong people.
- 新的海濱長廊及廣場為香港市民提供新的好去處。
- The plan redevelops and upgrades the current mix of unsightly uses in the area. The overall environment of the area will be improved.
- 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況，整體居住及生活環境得到改善。
- The plan echoes with the future development at Lantau Island and keep DB competitive.
- 計劃配合大嶼山的發展，令愉景灣保持競爭力。
- Create new focal points in DB to foster interactions among DB residents for a more united community. 創造全新的社區集結點，有利凝聚社區及促進居民交流。
- The property price in DB will be driven up by the new development.
- 新發展會帶動樓價上升。
- The new attractions such as promenade and piazza in DB can provide a new leisure choice for residents.
- 新的海濱長廊及廣場為居民提供新的好去處。
- It helps Discovery Bay to maintain its uniqueness as a multi-cultural resort-style leisure and dynamic community, and provide a special hangout place for residents. 這項規劃幫助愉景灣保持國際化渡假式優閒社區的獨有色彩，為居民提供消閒好地方。
- It helps Discovery Bay to reinforce its European style architectural design in the town planning which is really unique in Hong Kong, and help boost the international and diversified image of

Hong Kong with the town planning design.

• 這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區，這個設計概念幫助提升香港國際化及多元的形象。

• The extra landscape and greening in DB help purify the air and reduce carbon emissions, helping to build a sustainable green city.

• 更多的綠化空間有助減低碳排放，提升空氣質素及締造綠色生活。

• Excellent idea to relocate the existing refuse collection point for environmental and hygiene awareness. 從新安排垃圾站以改善環境及衛生情況是個很好的意見。

• Kaito berthing facilities definitely need an upgrade, such as including shelter and seating area. 贊成改善街渡服務，如增設上蓋及座椅。

• Bring in more people can help support the businesses of local shops and retails, in a way to provide more retail choices for the residents.

• 引入適量人口可支持本土小商店及零售業的營運，長遠為居民提供更多的零售選擇。

敬啟者：

愉景灣一周年全發展計劃 建設美好社區

自1970年代末期，香港興業一直與愉景灣居民共同成長，今天愉景灣已發展為區內最享負盛名的度假式住宅社區之一。

我們一向重視愉景灣社區的福祉，將愉景灣建設成更美好的社區是我們一向努力的目標，現欣然宣佈多項短、中和長期的發展計劃。

愉景廣場附近的改善工程包括擴建及搬遷巴士總站以進一步確保整體道路安全、擴充商場及優化零售設施、將哥爾夫球場移近至商場並增加停車位及充電設施。同時，我們正向政府申請發展6f區(鄰近寶峰)及10b區(稔樹灣)，而建議中的稔樹灣發展項目將增加公眾休閒用地及綠化地帶，有助改善整體環境，配合愉景灣的長遠發展。

有關計劃的詳情，請參閱附上之單張。

如有任何查詢或意見，請電郵至info@hongkongresort.com。

Dear Owners and Residents,

**Discovery Bay
Enhancements and Developments for a Better Community**

Ever since the late 1970's, we have been growing with all of you in Discovery Bay, which has become one of the most renowned resort style residential communities in the region today.

We care about the community and we have always endeavoured to make DB a better place to live in. We are glad to share a series of development and enhancement programmes for DB in the short, medium to longer term.

Enhancement works around DB Plaza will include expansion and relocation of the bus terminus to further improve overall traffic safety; expansion of the retail arcade to provide better retail facilities; relocation of the golf cart parking lot, making it closer to the shopping arcade with additional parking spaces and charging facilities. In the meantime, we have applied to the Government to develop Area 6f (a site near Parkvale Village) and Area 10b (Nim Shue Wan). The proposed future development at Nim Shue Wan will bring more spaces for landscaping and public leisure use, as well as additional greenery areas. It is our goal to ever improve the amenities and environment to complement with the long term development of DB.

For details of the programmes, you may refer to the enclosed leaflet.

If you have any enquiries or suggestions, please email us at info@hongkongresort.com.

It is crowded and too many people in DB. Don't change the original land planning to accommodate HKR to build new house and earn for money. Don't give favour to the developer.

We need space and green land, and public facilities, e.g. swimming pool and basketball playground.

Details of the Comment :

- The plan redevelops and upgrades the current mix of unsightly uses in the area. The overall environment of the area will be improved.
- 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況。整體居住及生活環境得到改善。
- The plan echoes with the future development at Lantau Island and keep DB competitive.
- 計劃配合大嶼山的發展，令愉景灣保持競爭力。
- Create new focal points in DB to foster interactions among DB residents for a more united community. 創造全新的社區集結點，有利凝聚社區及促進居民交流。
- The property price in DB will be driven up by the new development.
- 新發展會帶動樓價上升。
- The new attractions such as promenade and piazza in DB can provide a new leisure choice for residents.
- 新的海濱長廊及廣場為居民提供新的好去處。
- It helps Discovery Bay to maintain its uniqueness as a multi-cultural resort-style leisure and dynamic community, and provide a special hangout place for residents. 這項規劃幫助愉景灣保持國際化渡假式優閒社區的獨有色彩，為居民提供消閒好地方。
- It helps Discovery Bay to reinforce its European style architectural design in the town planning which is really unique in Hong Kong, and help boost the international and diversified image of Hong Kong with this town planning design.
- 這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區，這個設計概念幫助提升香港國際化及多元的形象。
- The extra landscape and greening in DB help purify the air and reduce carbon emissions, helping to build a sustainable green city.
- 更多的綠化空間有助減低碳排放，提升空氣質素及締造綠色生活。
- Excellent idea to relocate the existing refuse collection point for environmental and hygiene awareness. 從新安排垃圾站以改善環境及衛生情況是個很好的意見。
- Kaito berthing facilities definitely need an upgrade, such as including shelter and seating area. 贊成改善街渡服務，如增設上蓋及座椅。

Details of the Comment :

High transportation cost is an issue in Discovery Bay, particular that of internal bus routes. The new development will make more bus companies sustainable and they are willing to operate in Discovery Bay. More competition will be created and the bus fare will go down.

The new development is supported by me absolutely.

本人支持Discovery Bay 10B區的發展計劃。

第一) 可優化現有10B區來回坪洲碼頭設施，為兩方居民及旅客，帶來更方便及更佳的出入服務。

第二) 可改善現時凌亂街道，令愉景灣整體更為完美。

第三) 可幫助香港現時房屋短缺，令愉景灣有更多房屋選擇。

第四) 可新建的海濱長廊，或休閒設備，令居民可有更佳的居住環境。

第五) 這個規劃可以幫助愉景灣，擁有更國際化渡假式優閒社區，及獨有色彩，為港人提供多一個有特色的地方。

第六) 這個規劃可強化愉景灣現擁有獨一無二的社區，令該區及香港繼續持續擁有日新月異及多元化的形象。

本人支持愉景灣第10b區的發展計劃。現時稔樹灣一帶欠缺統一的發展，我認為在該處發展住宅有不少長遠好處，例如美化稔樹灣，讓居民多一個綠化休憩空間。除此，亦可趁機改善碼頭設施，便利往來愉景灣工作、上學和觀光的人。更重要的是，發展住宅後，可提供大量就業機會予稔樹灣居民，他們可在離家不遠的地方找到穩定的工作，所以是一個雙贏的方案。

I STRONGLY OBJECT to the current plans for the developments in the Service Area of Discovery Bay, as outlined. My objection is based on a number of factors, including:

1. The environmental damage that will be caused by the reclamation in Nim Shi Wan Bay
2. The possible dangers in enclosing multiple service areas, such as fuel, bus servicing and golf cart services, within the same location.
3. The height of proposed tower blocks to be built, which will reduce the light and line of sight for flats that overlook the area.
4. The false or misleading content in plans as offered by HKR as the Managers of the proposed development, showing incorrect heights of buildings.
5. The significant change to the current lifestyle and amenities provided to residents of Discovery Bay, which diminishes the original intent of the land.
6. The poor management of the facilities within Discovery Bay by City Management, causing many popular shops to close due to excessive rent demands, yet no replacement of these shops occurs.

I strongly object to the proposed development for the following reasons:

- 1) There is no clear description or information of how the dangerous goods (LPG serving all of DB) will be handled and stored. Storage under a podium that supports apartments and housing is NOT a solution.
- 2) This proposal will see DB population go from existing limit of 25000 to 29000. This number cannot be supported by existing potable water supplies and sewage treatment plant.

I do object to the application.

I am living in Discovery Bay "DB" for almost 20 years. As I know, the original plan is maximum for 25000 residents in DB. The increment of over 1000 flats, a few thousands of residents. I am afraid that the facilities cannot cope with the increase in population, in particular the potable water system, the sewage systems and etc.

Furthermore, I am very unhappy that no transparency is in this case. Learning from other sources, reclamation will be made without any explanation how to minimise the impact to the nature.

We are living in DB because of the very nice environment and relatively close to the nature. If they have a reasonable and transparent plan which it will not violate the master plan in 1970s, we may reconsider.

本人支持愉景灣第10b區的發展計劃，原因如下：

- 可善用愉景灣10b區珍貴的土地資源，有助減輕香港土地不足的問題。
- 計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況。整體環境得到改善。
- 計劃可舒緩香港緊張的房屋供應，並可提供不同類型的房屋選擇，提升市民生活質素。
- 新建的海濱長廊、提升的交通配套及碼頭設施，令居民及旅客享受更佳環境及出入更方便。
- 大家可享用更多的休閒空間。多了地方給狗隻散步。

意見詳情

Details of the Comment :

Dear Sir / Madam,

With regards to the above application Y/I-DB/3 from Hong Kong Resort "HKR"), I, Dr. Bruce Yung fervently oppose their application based on the following:

1. The current proposal, together with Y/I-DB2 deviate from the sustainable living style that we were led to believe by HKR when we committed to purchase properties in Discovery Bay ("DB"). Cases in points are when these development projects are completed, there will be:- (i) increased population by almost 10,000 (over 45% increase), (ii) portable water, sewerage, traffic will be beyond the current maximum capacities, (iii) level of visitors.
2. Discovery Bay is monopolistically managed by HKR with very opaque management and regulation. This is fundamentally against the Competition Law as well as Consumers Rights. The current connected and intertwined relationship with HKR and the City Management demands investigations for right an proper services and charges to the local DB residents.
3. As a chartered Chemical and Gas engineer, I am very concerned about the potential hazards with the current design related to fuel storage and transportation.

Given the above three points, I demand:

1. A proper and fair consultation involving a wider representation of the local residents and also the consultants that HKR hired to do their EPA and other assessments.
2. A scale-down version of the proposal be submitted as an alternative.
3. Delay all progress until further decision.

Regards,

Dr. Bruce Yung PhD, Chartered Engineer, MlChemE, MlGasE, MlHKIoD.

Details of the Comment :

As a residence in Discovery Bay (DB) for 20 years; I STRONGLY OPPOSE HKR's proposal to redevelop Nium Shue Wan area in Peninsula Village. My key concerns are from the Safety and Environmental aspects that would impact mother nature and our quality of live.

1). The new development will add extra 1,125 units which effectively double the current number of units in Peninsula Village. Today; the village is served via 3 buses (#7,#8 and #9S) which are already packed at peak hours. The new development will need to add extra bus and all the buses will converge into the the one and only road - The Discovery Road - which is already a busy and hectic road today. Road safety and pollution are very key concerns.

2). Reclamation and engineering work means increasing carbon footprint which contradicting to what HKR always claims the area to be a low carbon footprint; green living lifestyle. Construction work will impact our current quiet and nature lifestyle around that area.

3). In the proposal; having the gas refill station as well as the refuse collection chamber located so close to a densely populated area is a real key hazard especially to baby and young children. We must also remember that there is only one main road and in case of any emergencies where we depend on help and aids from outside DB; this can be an even bigger issue.

There have been significant redevelopment in the last 15 years that compromised our lifestyle in DB; we simply cannot allow this to deteriorate. We need to keep our low carbon footprint; green and nature living lifestyle in DB. And we need to respect mother nature.

I appreciate that these comments to be taken serious and stop this project. Thank You!

More development in Discovery Bay means HK government need to serve the residents in Discovery Bay better, or at least as same as those in other places of Hong Kong. Water supply and drainage service are public utilities and the government should provide these to Discovery Bay without charging short term tenancy premium for the en-route of the utilities.

I support the new development and the government should stop such premium charge.

As a long time resident of Discovery Bay (since 1996), I strongly object both development plans of Discovery Bay 6f and 10b because :

DB is not expandable and DB population is capped at 25000 residents. It is unacceptable that HKKR want now extend it to 29000 people for many reasons :

- 1) The WATER and SEWAGE system can not cope for more than 25000 residents. DB resident pay the burden of WATER and sewage maintenance, not the HK Government in the contrary to the rest of HK ! Why should we keep on paying more without having to say a word ? HK resort is NOT the owner of DB. We are !
- 2) DB is supposed to be a car free area but the existing huge number of buses create already too much air and noise pollution. More is not reasonable.
- 3) DB is NOT A TOURIST ATTRACTION ! HKR hope to attract to DB thousands of outside VISITORS to get money from their BOUNTY, stores, buses and ferries. Their benefits are detrimental to our wellbeing.
- 4) All existing sites (helipad, dangerous goods, petrol, LPG, buses and golf carts repair workshops) have to be relocated but WHERE ?? No one informed us !
- 5) Original DMC has been violated by OZP and new OZP is in the air ! Rules should be clarified first so that we know what is the maximum acceptable population in DB and which rules apply. There must be some limitation.

2. The new attractions such as promenade and piazza in DB can provide a new leisure choice for residents.
3. It is an excellent idea to relocate the existing refuse collection point for environmental and hygiene awareness.

I object to the Applications which seek approval to increase the ultimate population at Discovery Bay (DB) from 25,000 under the current Outline Zoning Plan (OZP) to 29,000 under the revised OZP. The impact assessments supporting the Applications ignore the essential fact that, under the Land Grant, the HKSAR Government has no obligation to provide potable water and sewerage services to the Lot.

In addition, the traffic impact assessments (TIA) states that the roads both within and outside DB have plenty of spare capacity to cater for a population increase from 25,000 to 29,000. However, the TIA ignores the essential fact that, under the existing OZP, DB is declared to be "primarily a car-free development". As such, road capacity is irrelevant.

I am writing in support of the application for Area 10b in Discovery Bay for the following reasons:

1. The plan redevelops and upgrades the current mix of unsightly uses in the area. The overall environment of the area will be improved.
2. It helps DB to maintain its uniqueness as a multi-cultural resort-style leisure and dynamic community, and provide a special hangout place for residents.
3. The extra landscape and greening in DB help purify the air and reduce carbon emission, helping to build a sustainable green city.
4. Excellent idea to relocate the existing refuse collection point for environmental and hygiene awareness.

2. Create new focal point in DB to foster interactions among DB residents for a more united community.
3. It helps DB to reinforce its European style architectural design in the town planning which is really unique in Hong Kong and help boost the international and diversified image of Hong Kong with this town planning design.
4. Katio berthing facilities definitely need an upgrade, such as including shelter and seating area.

Details of the Comment :

My understanding is that the current OZP for DB allows for an ultimate population of 25,000 but in the application it is proposed to increase the ultimate population to 29,000 and as part of this the applicant HKR wants to develop Area 10b. In this regard I would like to make the following points:

1. DB is required to be self-sufficient in water and sewerage services under the Land Grant, and the applicant (HKR) wrote to the DB City Owner's Committee that the DB reservoir was built for a maximum population of 25,000. The impact assessment ignores this. The population cap of 25,000 should therefore be retained
2. In spite of the conditions contained in the Land Grant, when the road tunnel was built the Govt allowed potable water and sewerage connection to Siu Ho Wan. It is understood that Govt will not provide potable water and sewerage for population greater than 25,000. Can the Govt please release the agreement between HKR and itself on the existing water and sewerage agreements so that we can all better understand the implications of increase in population to 29,000 with respect to potable water and sewerage
3. Because of Govt's refusal to provide additional services on potable water and sewerage HKR propose to re-start the water treatment and waste water treatment plants in DB. Under the Deed of Mutual Covenant (DMC) HKR can do this provided it does not impose financial obligations on existing owners. Should 6f be allowed to go ahead then Govt must require HKR to charge the owners of 6f for the costs of operation of treatment plants, storage facilities, pipelines etc and there should be no charges for this to the existing owners in other villages of DB
4. In view of the above should permission be given for development of 10b then Govt should provide additional potable water and sewerage services
5. The Master Plan forms part of the Land Grant at DB, but the current Master Plan 6.0E1 and the current OZP are not aligned. The Govt and HKR must first update the existing Master Plan and OZP to make them aligned before considering amendments to the OZP.
6. The Schedule of Uses proposed for the Promenade at Area 10b states that "This zone is intended primarily for the provision of out-door open-air space at the foreshore promenade, for active and/or passive recreational uses serving the needs of the local residents and visitors. Under the DMC, there is no provision to allow public access to the Lot, nor is there any requirement for the residential owners to pay for the maintenance of public areas. Public access is only allowed if an area is declared to be a public Recreation Area on the Master Plan. HKR should be required that (i) reference to visitors be removed or (ii) the Master Plan is revised and HKR undertake all

management and maintenance of new public areas

7. HKR claim that they have the right to reclaim additional land from the sea at Nim Shu Wan and cite Gazette Notice 710 of Gazette 14/1976. However this notice does not include the area of the proposed reclamation. HKR secured the relevant seabed and foreshore lease in 1980 vide New Grant IS6788. HKR should be required to obtain all relevant permission for reclamation at Nim Shue Wan

8. The existing population of Peninsula Village is about 1,100. The development at 10b will increase the population by some 3,400 persons. This is a massive increase and the proposed development is very dense and congested with a number of relatively very high rise buildings which will drastically and negatively alter the character and ambience of the village. This will also add pressure on transport requirements to an already high transport demand. Should permission of 10b development be given then the increase in population should be limited to about 1,500 with low height buildings and no high rise buildings.

9. The proposed 10b development removes the existing dangerous goods store and vehicular pier. HKR should be required to carry out relevant studies to show how dangerous goods will be dealt with in the future.

10. HKR claims in the applications that it is the sole owner of DB Lot. This is not correct. There are currently over 8,000 assigns of the developer who co-own the Lot along with HKR. Govt should not consider the application until the application is revised to recognise the co-owners

Details of the Comment :

I am concerned by the extent of the application in that deviates from original use, and that the site area in question is proposed to expand by 20% through what appears to be 12000m2 of land reclamation.

I would therefore ask that the following questions be given further consideration and response;

- i) the "Promenade" according to the plans looks more like the size of a small footpath. It is quoted as being 2500m2 so I would like to know exactly how this is calculated and the exact boundary of this promenade.
- ii) Additionally, the position of this promenade is immediately in front of the 3 storey houses, and again I'd like to understand how the promenade and the security/privacy of the houses will be maintained.
- iii) Reclamation - I don't see any detail that clearly sets out the extent of reclamation and how this will impact Nim Shue Wan village and surrounding coastline.
- iv) Reclamation - there is a suggestion in the text that no environment impact assessment of the reclamation is required. Please explain how any reclamation of 12000m2 could even be considered/allowed without such an assessment
- v) Where will the refuelling station be moved to? Currently the Discovery Bay ferries dock in this location in order to refuel multiple times per day. I don't see it in this plan?
- vi) What is the impact on the ferries to/from Peng Chau & Mui Wo. The current location is on flat ground and thus easily accessible for less-abled people? The new location appears to be further away and will thus be further for people to travel.
- vii) There is a vague comment about a sewerage treatment plant. Please explain the repercussions of having such a plant so close to residential housing? Has anyone considered the smell, prevalent wind direction and health implication?
- viii) The plans admit that there is insufficient freshwater service / infrastructure to cater for the increased population. How then can such a plan be considered?
- ix) The plans make a vague reference to "most of the trees" will remain. I am not in favour of losing any green space/trees.

In general terms, this appears an ill-conceived plan (born out of greed and commercial opportunity), being pushed forward without due regard to infrastructure requirements, and without regard

for the general impact an additional 3000 people (which is a significant increase in population) will have on the society of Discovery Bay.

I trust the Town Planning Board will take on board these and the many other concerns residents of Discovery Bay have.

Dear Town Planning Group:

This is Mr. Chan Shing Fung Nick writes to inform you my views and opinions on Planning Application Y1-DB/3 in Discovery Bay. Since I'm one of the many victims who will be affected by this application. I strongly disagree with this plan, as it will not only affect the people who live in here, but also the environment.

I was born in here, where I was used to the view of the Victoria Harbour, the sea and also the peaceful atmosphere in here. Living in here does help me get rid of the stress of the main city that I have to deal with everyday. However, if the plan does continue to go on, me and other people who live in here will no longer have that view and atmosphere as it will be destroyed. I live in Verdant Court, where if the plan goes on, there will be a tall building blocking our view as the plan suggested. Which will make our flat with no difference from buildings in Hong Kong Island and Kowloon, since it's now full of buildings! I live in here because I want to get away from main city stress, not admitting it. Now this plan is making me and other neighbors suffering from those stresses, so please stop it.

From the plan and location diagram of the planning application, I saw that it involves the helipad, where it's in the part of the plan. I think it should be expected, since that the helipad is used for emergency services. In emergency circumstances, every second counts, the fastest way to send a patient to the hospital and help is via the air, but with the planning application, the pad will be removed, which means that there will either be no helipad or a less good place. Since a helipad requires a decent amount of free space. You can argue that there is a tunnel to Tung Chung where North Lantau Hospital is nearby. However, imagine a situation where the tunnel is blocked and emergency service is required e.g. heart attack. How would they be transported to hospital? Who will be responsible if the patient didn't make it and died?

Discovery Bay is one of the best places in Hong Kong, because it's surprisingly not overcrowded in here and everything is calm. However, if those buildings are built, more and more people from other parts of Hong Kong will be coming and living in here, which will eventually make this place crowded, like other parts of Hong Kong, imagine this place become the second Mong Kwok, where everyday night is noisy as hell.

To sum up , I think Area 10b, Lot 385 RP&Ext.(part) in D.D. 352, Discovery Bay is not suitable for this plan , as the effect on us is more than you will expect. Hope you will understand our views and opinions and therefore change the location/Plan.

Dear Town Planning Board Chair

Obiection to Area 10B Development at Discovery Bay

There is a lot of talk floating around that the captioned proposed development by HK Resort Ltd may involve illegal channeling of interest by Planning Bureau/Dept officials to HK Resort Ltd. and DZT Japan Ltd., purportedly benefiting buddies of the CE etc

Such has also been widely reported by the esteemed Ming Pao late last year in big captions.

If such corrupt business deal is involved in the re-zoning of Area 10b of Discovery Bay by Planning D., then the action must be halted.

For your consideration pls.

Most truly yours,

I am writing in support of the application for Area 10b in Discovery Bay, for the following reasons
本人來函就愉景灣第10b區的發展計劃表示支持，原因如下：

計劃可提升及改善該區現時景觀雜亂無章及與愉景灣整體設計格格不入的情況，整體環境得到改善。

這項規劃強化愉景灣歐陸式建築設計風格，令這區繼續成為香港獨一無二具異國情調的社區，這個設計概念幫助提升香港國際化及多元的形象。
